# Quantitative Data Analysis Masterclass

Making Sense of Numbers: A Practical  
Workshop for Non-Statisticians

The Research and Postgraduate Development Office, under the Directorate of Research, Innovation, and Partnerships, invites NUST postgraduate students and academic staff to a three-day Quantitative Data Analysis Masterclass. This accessible and hands-on workshop is specifically designed for researchers who want to integrate statistical analysis into their work- no advanced background in statistics required.

### This Masterclass is for You if:

- You are conducting or planning a research project that involves survey data, experiments, or numerical results.
- You want to learn how to analyse and present your data with confidence.
- You are looking for a practical, step-by-step introduction to using statistics in research.

### Why Join?

Statistical literacy is increasingly essential for writing strong theses, dissertations, and research papers. This masterclass equips you with:

- Core skills to collect, clean, and analyse your data
- The ability to choose and justify appropriate statistical tests
- Confidence in writing the methods and results sections of your thesis or journal article

Registration Deadline: Monday, 4 August 2025

Dates: 13–15 August 2025

Time: 08h00-16h30 daily

6<sup>th</sup> Floor, High-Tech Transfer Plaza  
Select (HTTPS) Building, Lower Campus

Spaces are limited – register  
early to secure your spot!
