

Flu Vaccine Clinic 2023

Announcement

NUST Health Services under the auspices of the Department of Student Services, in conjunction with Wellness Workplace Services, is conducting a Flu Vaccination Clinic for all staff and students. Dependents are also welcome from the age of 5 years and upwards.

Date: Tuesday, 25 April 2023
Time: 08:00 - 15:00
Venue: NUST Health Services (Clinic)

Please make appointments via email below.

Why should you be vaccinated?

- To protect you and your family against flu.
- By vaccinating, you ensure that your body is prepared for this season's viruses and decrease your chance of getting flu.
- The flu virus is highly contagious.
- Our medical aid will also pay for any dependents registered on your card.
- If you have any chronic disease: 'A Flu Shot Could Save Your Life'

Can the vaccination give you the flu?

- **No**, The vaccine cannot give you the flu.
- The vaccine is made from partial viruses that are completely inactivated.
- Hypersensitivity towards the injection might however give some people flu-like symptoms for 2-days.

About the Vaccine

The vaccine is injected in the upper arm and complies fully with the World Health Organization's standards.
