African Nutrition Conference 2026

Ending Hunger and Malnutrition in All its Forms: From Evidence to Impact

30 Nov – 04 Dec 2026

Windhoek International Convention Centre

Windhoek, Namibia

The 10th African Nutrition Conference (ANC X) provides a platform for researchers, policymakers, practitioners, development partners, industry representatives, and communities to share knowledge, experiences, and innovations that can accelerate the translation of nutrition evidence into sustainable impact. The Conference facilitates dialogue on practical solutions to address hunger and malnutrition in all its forms while promoting equitable, sustainable, and resilient food systems across Africa.

Sub-themes:

1. Evolution in Nutrition Governance and Accountability
2. Food Systems, Resilience and Healthy Diets
3. Triple Burden of Malnutrition, Non-Communicable Diseases, Infectious Diseases and Ultra-Processed Foods
4. Indigenous Foods, Culture and Sustainable Diets
5. Capacity Building and Nutrition Workforce Development
6. Research, Data Systems and Nutrition Surveillance
7. Food Safety and One Health
